(9) Code 130 YRS Memo to Code 380 of 25 Nov 73
(10) Radiac Foreman (G. Menize) Memo to Radiac Coordinator
(L. Kearney) of 7 Aug 73

1. To assist in carrying out the responsibilities assigned in reference (a), information held in my files is hereby furnished for your use. This information covers the following subjects:

a. Shipyard Instructions, enclosures (1) through (5), dealing with various aspects of Ionizing Radiation Control. This information is for your guidance as applicable.

b. NAVFAC instructions relating to radioisotopes under USAEC license are contained in enclosure (6) for your guidance and compliance.

c. NAVELEX instructions relating to disestablishment of Radiac Repair Facility are contained in enclosure (7) for your guidance and compliance.

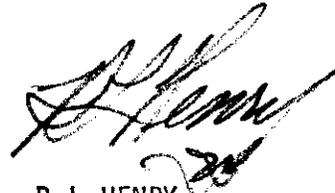

d. Navy Nuclear Power Unit, Virginia (NAVNUPWRTRAU) RASO Report, enclosure (8), is furnished for information and guidance and any action as appropriate.

e. Code 130 YRS Memo, enclosure (9), relates to disposition of NDT radioactive sources and is furnished for your action.

f. Code 967 (Mr. G. Menize) Memo to Radiac Coordinator (Mr. L. Kearney), enclosure (10), lists radioactive-low yield sources for

disposal/re-use. This list, dated 7 Aug 73, is the latest available to this office.

2. It is requested that you prepare an inventory as required in paragraph 2a of reference (a) as early as possible, but not later than 10 Jan 74. Also, a detailed disposition plan, encompassing the scope of reference (a) and this memo, is considered essential at the earliest in order to identify necessary actions.

R. L. HENRY
